

# SEPSIS

## in children

**We know that your child's diagnosis of sepsis is a life-changing event and that you may be feeling overwhelmed, confused and isolated.**

We want families to be well supported and have access to useful information and resources.

Visit our sepsis in children website for access to:

- ✓ Resources on 'what is sepsis?'
- ✓ Journeying through Sepsis video series
- ✓ Family stories
- ✓ Information on our Family Support Network and Peer Mentor Program

# Join the Sepsis Family Support Network

**We understand that having a child diagnosed with sepsis can be a challenging and confusing time for you, your child and other members of your family.**

To help support you to navigate this journey, a Family Support Network is available to provide:

- ✓ access to paediatric sepsis information and resources
- ✓ connection with other parents
- ✓ opportunities to be involved in support programs including our Peer Mentor Program
- ✓ opportunities to contribute to education, research and public awareness about sepsis.

Register for the Sepsis Family Support Network, by scanning the qr-code:
