

# Child Health Services for the Southern Moreton Bay Islands

We provide a range of **FREE** community health and support services for all children from birth to five years.

We can assist with:

- early feeding support
- key age child health checks
- growth and development checks
- advice and support for families.

Child health nurses, and Aboriginal and Torres Strait Islander health workers are available for home visits or centre-based appointments.

Above: Southern Moreton Bay Islands (SMBI) Child Health Nurses Kim (left) and Kath (right) are available for home visits and centre-based care.
